58 MIG-15's;
1 LI-2;
8 IL-28's;
1 PO-2.

The hangars were closed.

Beginning at 0700 hours, there was lively activity with take-off and landing practices as well as formation flying near the field. Six to eight aircraft were usually in the air at the same time. Individual MIG-15's engaged in acrobatics at a high altitude.

The anti-aircraft gun emplacements were temporarily occupied for training purposes.

A radar set with curved antenna was still located in the northern part of the field. A radar truck with cross-shaped antenna was used during periods of air activity.
